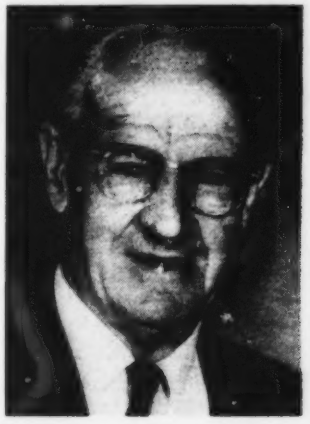
Message from the Honorary Chairman, Dr. Grant MacEwan



Change is good, but change by itself is not enough. The challenge passed to the Foundation years ago is as important as ever, to give constant diligence to the preservation of relics and treasures of history which could be so easily lost forever.

The recoveries for which the Foundation can take credit, or some degree of credit, grows most imposingly and the list of yesterday's structures and articles entrusted to us for wise direction grows with no less speed.

Everything of age cannot be preserved. Some person or body must act in the role of referee or judge. That is the role of the Foundation and the decisions will always be of extreme importance to society. My best wishes to those who carry that responsibility.

Grant MacEwan

Chairman's Report

It is my pleasure to present a brief review of the Foundation's 1988 activities.

Of major importance during the year was the announcement by the Hon. Greg Stevens, Minister of Alberta Culture and Multiculturalism, for increased lottery funding to the various licensees. Through the increase, the Foundation's allotment rose from $1 million to $2.85 million. The amount is designated for use as follows: Architectural Preservation, Public Awareness, Alberta Main Street, Alberta Museums Association, Provincial Historical Societies and administration. This allotment is in effect until the expiry of the current lottery license in April 1991.

We were pleased to be able to purchase a major ethnographic collection for the people of Alberta. The Doug Light Collection is comprised of 200 material culture items pertaining to the Sarcee, Saulteaux, Assiniboine, Sioux and Plains Cree peoples, dating from the mid-to-late 1800's. Purchased at a cost of $250,000.00, the Collection is housed at the Provincial Museum of Alberta in Edmonton.

The Foundation acquired two historic properties during the year. Cited as historically important to their respective communities, both the Coleman Journal Building in Coleman and the Dr. George Residence in Innisfail are to undergo restoration. Following restoration, it is planned that the buildings will provide an interpretive role relating to their place in local history.

As always, a significant function of the Board of Directors was the awarding of grants. Of the 211 requests received, at a total of $2,254,681.03, the Board was able to approve 196, totalling $1,186,752.43. An increase of 66 projects over 1987's total were funded. We repeatedly experience a sense of wonder at the diversity of heritage projects undertaken and the dedication to the preservation of Alberta's history by its citizens.

Our highly successful Alberta Main Street Programme was awarded $675,000.00 of extra lottery funding over 3 years to assist the 6 project communities and enhance their historic main street areas. We note with pride that Alberta Main Street's portion of the cost for the 36 building facade rehabilitation projects undertaken this past year was matched with funds from both the private sector and provincial and federal employment initiatives creating a total of 58 jobs.

Besides their other responsibilities, the Foundation's Board also has been actively involved in travelling throughout the province to participate in heritage functions. In June the Board met in Medicine Hat and had the opportunity to be a part of anniversary celebrations of the local Downtown Business Revitalization Zone Project and to be present at the dedication of the city's new transportation centre. Bill and Loree Adam welcomed the Board to the home they are restoring, the former Nurses Residence in High River. This property is a registered historic resource. As well, individual Board members attended a variety of events around the province, including Fort Vermilion, Fort Chipewyan, Arrowwood, Battle Lake, Niton Junction and Dickson. In addition,

I had the privilege of travelling to Thunder Bay, Ontario to represent the Foundation at the sponsors' conference of the Sir Alexander Mackenzie "Canada Sea-to-Sea" Bicentennial Expeditions. This project will, over a period of five (5) years, commemorate Mackenzie's search for the Northwest Passage. The Foundation provided a grant of $10,000.00, with the possibility of further assistance.

Foundation members and guests were welcomed to the City of Edmonton for the Annual Conference. The 174 participants who attended were treated to a wide range of heritage activities, including a stroll along the new Heritage Trail, a project which received Foundation funding. Conference guest speaker Dr. Colin K. Campbell, Director of the Heritage Conservation Board, B.C. Ministry of Tourism, Recreation and Culture was enthusiastically received as he described that province's examination of the needs of its heritage resources under Project PRIDE.

The volunteers who assist the office staff provided in excess of 600 hours of labor to the Foundation in 1988. Not recorded, but equally important is the contribution of those who serve as liaisons between the Foundation and local communities. To these valued people we express sincere appreciation, not only for the hours contributed but for cheerfully providing support to the staff and to the Foundation as a whole.

I wish to thank Dr. Bill Byrne, Assistant Deputy Minister and the staff of Historical Resources Division, Alberta Culture and Multiculturalism, for their technical assistance and invaluable guidance to the Foundation.
